The property is positioned inside the pristine gardens of Los Flamingos, a secure gated estate where privacy and discretion are key. Guests can enjoy this safe and exclusive environment, views of tumbling mountains, a lake, and the ocean beyond, yet feel they have this paradise all to themselves. But the exciting and exclusive amenities of Marbella are only ten minutes away!

From the moment one enters the villa, it is as if you have stepped inside a sanctuary. The living space is encased with vast windows and bathes the surroundings with natural light and creates unbridled and open views to the large swimming pool and terrace. A dividing wall creates two separate living spaces allowing for changing atmospheres and different purposes. Warm tones and soft textures create a cosy and welcoming feeling in a such vast space. The living spaces flow easily into the restaurant style dining area where natural materials have been used for decoration meaning guests feel shrouded in nature. With stunning views of the ocean, lush lawns and imposing palm trees, the area is also equipped with an open kitchen created to restaurant standard.

The blissful bedrooms have been modelled on the standards of a first-class hotel and boast ultra-comfortable beds, sumptuous duvets, plush pillows and luxurious linens. There are bedrooms to suit an array of groups. They range in sizes from magnificent suites with private terraces to very large sharing rooms, perfect for children and equipped with double wc and washing facilities. Each bedroom features furnishings and textiles of the highest quality, ensuring ultimate relaxation and comes with their own beautiful ensuite bathroom. A staff apartment also lies in the main house, with its own kitchen, bathroom and living space, meaning help is always on hand throughout your stay.

Wellness was clearly at the forefront of the designer's mind and world-class spa and fitness facilities add that extra special something to this incredible property. There is a generously sized, air-conditioned yoga studio and gymnasium, both of which feature floor to ceiling doors which open on to the garden space. This promises guests the unique choice of exercising in complete privacy, or with an indoor-outdoor feel if they so desire. After a work-out, guests can unwind in the sauna and steam room or cool down in the adjacent indoor swimming pool. A peaceful living space separates these areas from a selection of fully private treatment rooms where guests can be pampered on professional spa beds – perfect for massages, manicures and pedicures. In addition is an outdoor spin studio, equipped with bikes and large enough to host a class. It is beautifully positioned on the solarium creating the most scenic exercise space possible alongside a juice bar terrace with vistas across lush lawns, green fairways and open countryside. If you are still craving some true alone time, you can retreat to the rooftop meditation room. Nestled amongst the eaves of this magnificent villa you can relax on plump cushions in the peaceful glow of lanterns.

The outdoor space is just as impressive as the rest of the home. A large outdoor infinity swimming pool takes centre stage, overlooking the lake and golf course, with the mountains creating the perfect scenic backdrop. The sun sets directly behind the pool creating a dream-like setting in the evenings. Enjoy these astonishing sunsets from the comfort of the many outdoor lounge areas; enormous sofa beds or from your sunbed by the pool. There is nothing like a dreamy night under the stars and the outside rooftop cinema provides the perfect atmospheric spot, taking your movie nights to new heights.
